Person Model Adjudicator Role Modules

This training covers two processes of Person Model Adjudication:

Module A: Getting Started *(Required)*

Module B: Person Information *(Required)*

Module C: Non-Employee Adjudication *(Required)*

These modules will guide you step-by-step through the process to enter required information for Person Model Adjudication.

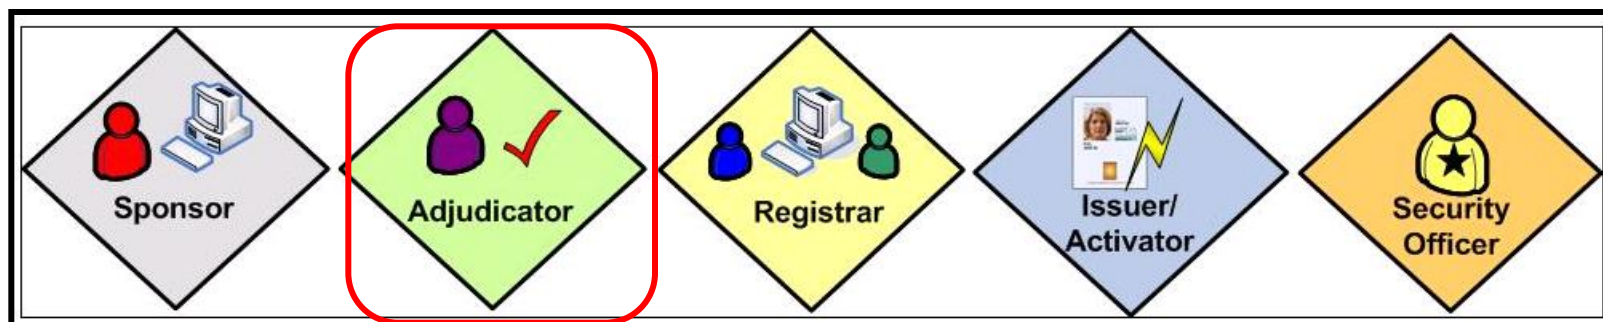

Introduction

Welcome to the Person Model Adjudicator training. Identity management has become an important part of our homeland security and it directly affects you.

Homeland Security Presidential Directive 12 (HSPD-12) established the criteria for an interoperable, Personal Identity Verification (PIV) program within the federal government.

Your role as an Adjudicator is vitally important to the security of the nation, its assets, and its people. Each of us has an important personal role to fulfill in the credentialing process. By establishing an identity verification chain of trust, we will be working together to achieve a safer work environment and homeland.

The USDA PIV Credential is called the LincPass. As an Adjudicator, you will play a part in the process non-employees to enroll for a LincPass so they can access facilities and systems.

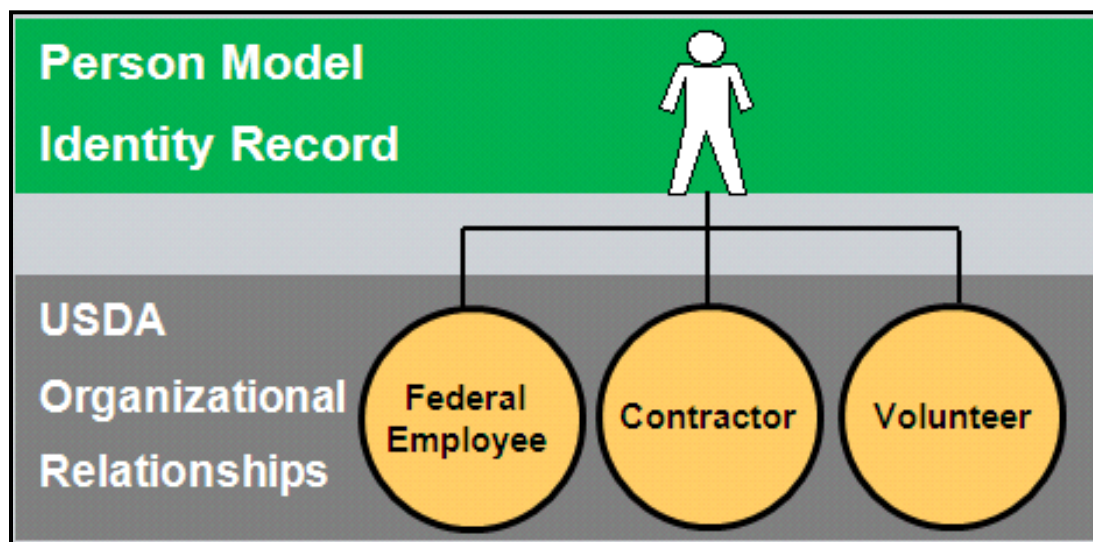

What is Person Model?

Person Model is USDA's database for storing and maintaining personnel identity records. Person Model maintains a single identity record for each person, and tracks the history of each relationship the person has with USDA over time.

For example, a USDA Federal employee who works for NRCS may also be a Volunteer with the Forest Service. Alternatively, a person who previously performed under a contractual agreement with USDA as a Contractor may become a Federal employee.

What are the benefits of Person Model?

- Payroll Personnel agencies no longer need to use two systems (NEIS and USAccess) to sponsor and adjudicate non-employees. All work will be completed in the Person Model.
- For each applicant, Sponsors will be able to view the non-employee's organizational relationship history on one screen instead of searching for individual contract assignments.
- The Person Model maintains a single identity for each person, resulting in less data entry for applicants who have a previous history with USDA, such as former Federal employees.
- Former Federal employees can now be successfully credentialed as non-Federal employees.
- Data fields accommodate all non-employee types instead of being contract-specific.

What is a Non-Employee?

A non-employee is person who provides a service to USDA but is not a Federal Employee. Many different types of Non-Employees support USDA.

In Person Model, there are five options to represent the various Non-Employee types. Options include:

- Contactors
- Affiliates
- Fellows
- Interns
- Volunteers

Non-employees who are marked “Contractor” in Person Model will receive a Contractor LincPass with a green stripe, as shown in the *top* image on the right.

All others – Affiliates, Fellows, Interns, and Volunteers– will receive an “Associate Dignitary” LincPass with a white stripe, as shown in the *bottom* image on the right.

The Adjudicator Role

The Adjudicator must be a U.S. Government official. The Adjudicator is assigned to this role by the Agency Role Administrator in the USAccess portal. You must receive USAccess Adjudicator training and be USAccess-certified before you can be assigned the Adjudicator role in USAccess.

The Adjudicator is the individual authorized to record or update the status of adjudication results for a non-employee in Person Model. A favorable adjudication result will initiate the PIV credential issuance process.

This training refers to the process of entering Background Investigation results into Person Model only. Adjudicators should follow their agency procedures for processing and adjudicating background investigations (BI).

Adjudicator Role Prerequisites

To begin Adjudication duties in Person Model, you must meet the following requirements:

- **USAccess:**
 - Completed the USAccess Adjudicator training
 - Designated as an Adjudicator in USAccess by your Agency Role Administrator.
 - Have a user ID and password for USAccess

- **Person Model:**
 - Completed Person Model Adjudicator training and passed the Person Model Adjudicator test
 - Have access to Person Model and have a user ID and password

- **Non-Employee Information:**
 - Have BI results for the applicable non-employee

Adjudication Procedures

The minimum required background check for a PIV credential is the National Agency Check with (Written) Inquiries (NACI) or other Office of Personnel Management (OPM) or National Security community investigation required for Federal employment .

A Federal Bureau of Investigation (FBI) National Criminal History Fingerprint Check is part of the background check.

When the background investigation (BI) is complete and a determination is made, the Adjudicator records the decision in Person Model.

Defect Problem Report (DPR) references

Throughout this training module, you will see references to Defect Problem Reports (DPRs) that have been submitted to NFC. This indicates that a change request has been submitted for that screen, field or system function and is still in development.

For example, there may be a field name or menu item that will be changed in the near future. These DPRs are marked throughout the presentation.

Any changes due to pending DPRs will be updated in the final version of the training.

C-9

Step C-9. Click the **Save** button. The Person Model Adjudication results have now been successfully recorded for the non-employee.

Person Model Reports

The Person Model Report Service allows system users to check non-employee status to determine where non-employees are in the LincPass sponsorship and adjudication process. The report can also be used to troubleshoot issues with specific non-employee records. All users have access to Person Model reports through the NEIS Reports link.

Adjudication Procedures Summary

Congratulations! You have just learned how to find, enter and save records in Person Model for Adjudication results.

Next Steps:

- Once adjudication results have been recorded in Person Model, the records will be sent automatically to the USAccess credentialing system.
- After the non-employee has been sponsored, he/she will receive an enrollment notification email with a link to the GSA Scheduling Tool. The non-employee should follow instructions in the email to schedule his/her appointment.
- After the non-employee has enrolled and favorable fingerprint results have been entered, the card will be printed and shipped.
- The non-employee will receive notification via email that the LincPass is ready to be picked up and activated. The non-employee will schedule his/her appointment using the GSA Scheduling Tool.
- The non-employee will pick up and activate his/her own LincPass.
